

Korea Through Photographs: From Seoul to Jeju

Cheap and convenient, Korea is worth the time on any travelers itinerary and can provide a varied range of adventures, within a short time, and on a very small budget. Despite the governments best efforts to promote Korea as a top travel destination of the world, it just hasnt made it there yet. Nonetheless, those that do venture there are rarely disappointed. This book contains hundreds of images from journeys spanning a good part of a year through the following locations in South Korea: the cities of Seoul, Busan and Daejeon, and the provinces of Chungcheongbuk/nam-do, Gangwon-do, Jeollanam-do and Jeju-do.
