FREE WITH KINDLE UNLIMITED; plus 99c ONLY FOR A LIMITED TIME
WARNING: This contains mature themes and language. Intended for 18+ readers only

Jackson has always been a fan of his own work. Being able to see the natural beauty and talent of everyone who practically came up to him and begged for his help to start a career in the music industry, he has developed a good hold on particular knowledge about appreciating women over time. Adrian, however, managed to change all those for him. Indeed, all is fair in love and war. Regardless of who Adrian was before meeting Jackson, it didn't matter when they started to commit themselves to one another. And sure, Jackson may have started it all strong, but Adrian's gentleness and love was able to slow him down, and make him go with the same slow pacing in their relationship. But then something happened, and it has brought everything to a whole new level of fun and fear with regards to their forever. However, one of them will unconsciously start to question everything before it could all begin for them. How's it all going to work out for their love? Note: This ends in a cliffhanger. Parts Three will be released within the next few weeks.
