

Yangzi River Map: From Source to Sea, Featuring the Three Gorges, Shanghai, Wuhan, Chongqing, & the Source in Tibet

Simon Winchester (famed journalist):
Wonderful this (map) has made my day.
We're proud to offer this fine series of guides from the only English language travel publisher based in China. Each book is perfect for the reader who demands not only details of the practical (where to stay, what to eat, and more) but also of the magical (why their destination is what it is). Odyssey fans tend to be adventurous travelers with a literary bent. If you're lucky enough to find an Odyssey guide to where you're going, grab it! National Geographic Traveler
