

## Rambles Beyond Railways

I visited Cornwall, for the first time, in the summer and autumn of 1850; and in the winter of the same year, I wrote this book. At that time, the title attached to these pages was strictly descriptive of the state of the county, when my companion and I walked through it. But when, little more than a year afterwards, a second edition of this volume was called for, the all-conquering railway had invaded Cornwall in the interval, and had practically contradicted me on my own title-page.
