

The Hound of the Baskervilles (Chinese Edition)

This is the authors third collection of novels, and the fifth in the sequence of publication. It is the most shining and fascinating of the novel collections of Sherlock Holmes. The destiny legend of an ancient family in a mansion in the remote English countryside and a strange hound starts the story which depicts human greed for money and the sinister and ruthless means taken by human beings, as well as interwoven human emotions. It is complicated, smooth and natural, demonstrating Sherlock Holmes superb ability to investigate cases and to reason to the very last detail.
